Risk reporting	AI.DFM	AI.DFM						
Contract and billing administration		AI.DFM		Custom	AI.XAP	Custom	Custom	Custom

# DFM Dynamic Financial Model

A complete package of Dynamic AI reports for MIS, controlling, consolidation and reporting  
A data-model offering a separate data-island for analyses purposes. Based on automated integration to ERP solutions (MS Dynamics out of the box) with complete versioning control, adjustment features etc. or a data-model using the existing production table without any alterations.

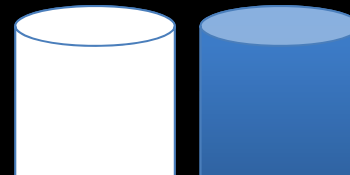

# DFM Dynamic Financial Model

# Dynamic AI Forecasting

A data-warehouse model with a set of Dynamic AI reports for distributed data-capture in relation to forecasting.

*y CINTAC*

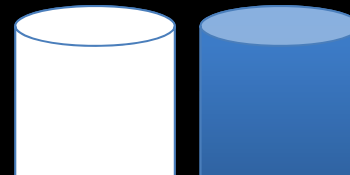

# Dynamic AI HR

Dashboards and reports for individual, departmental, company wide HR and project management.

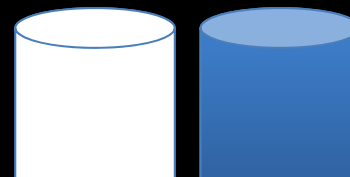

*y CINTAC*

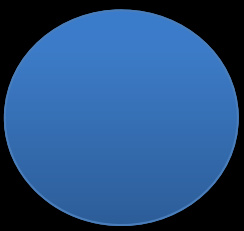

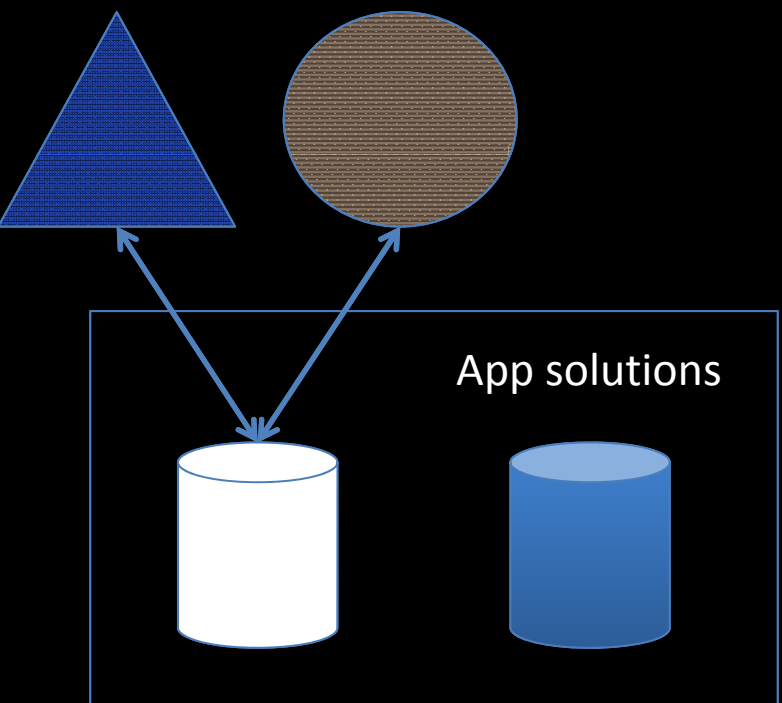

# XAP.Dynamic

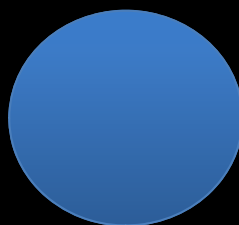

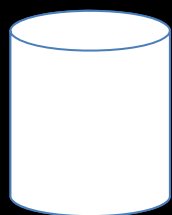

A standard Dynamic AI repository of reports and dashboards for MIS, controlling and ad-hoc reporting on top of XAP.

*by DAE Channel Partner Somentec*
